First Final Event

Skiathos Island 1-2 September 2016

Hosted by [CERTH-ITI](#) and the Water Utility of Skiathos—[DEYASK](#)

The EU project [ISS-EWATUS](#) has developed an Integrated Support System for Efficient Water Usage and Resource Management that includes a Decision Support module for EU water utilities at urban and household level, a social-media platform that promotes water-saving behavior and an adaptive pricing system. After almost 3 years of leading research, we cordially invite you to find out more about these new solutions and to see first-hand our results, along with the results of other “sister” projects that have been dealing with similar issues and have made important contributions in the “smart water” sector. The results of [ISS-EWATUS](#) and other [ICT4WATER](#) cluster projects will be presented during a 2-day event through a mix of presentations and demonstrations on 1-2 September 2016 in Skiathos Island, Greece.

The 2-day event will include technical presentations of our project and other cluster projects during the 1st day and a stakeholder workshop during the 2nd day, where invited speakers will be presenting and moderating stimulating discussions with other water utilities, mayors, industry, NGOs, associations, academics, etc. Various distinguished invited speakers will be present.

About Skiathos Island

Skiathos is a peaceful green island, located in the north-west part of the Aegean Sea. Along with Skopelos & Alonissos, Skiathos completes the complex of the Sporades Islands. It is an enchanting corner of Greece, a masterpiece of nature, full of olive-

trees, pines, fennel and thyme, a major attraction for all kinds of visitors; mostly for those who can appreciate quality in pleasure, tradition and spirituality. A number of marvelous beaches, numerous old style monasteries and little white chapels fascinate even the most experienced traveler.

Venue: [Skiathos Palace Hotel](#)

The Final Event will be organized at the facilities of Skiathos Palace Hotel, in Koukounaries, the most famous spot of the island and one of the best beaches in Europe.

For hotel reservations and to get our special rates, go to www.skiathos-palace.gr and use special code **WAF16**.

Transportation Info:

There are several ways to reach Skiathos Island:

By airplane:

International charter flights from major European cities. Flights from Athens or Thessaloniki, operated by Olympic Air or Aegean Airlines (40 minutes). Follow these links: <https://www.olympicair.com/>, or <http://en.aegeanair.com/>

By boat or hydrofoil:

You can reach Skiathos by taking a boat from the Port of Volos (306 km from Athens, 216 km from Thessaloniki). Volos is accessible **by Bus**, 4 ½ hours from Athens, 2 ½ hours from Thessaloniki. Follow these links for bus schedules: <http://ktelmacedonia.gr/>, <http://ktelvolou.gr/>. Volos is also accessible **by Train**, in 5 hours from Athens and 3 hours from Thessaloniki. Follow this link: <http://www.trainose.gr/>. Crossing time (Volos-Skiathos): 1½ hour by hydrofoil, 2½ hours by boat. For reservations and scheduling, follow these links: <https://hellenicseaways.gr/>, or <http://www.anes.gr/>

Alternatively, you can reach Skiathos by taking a boat from the Port of Ag. Konstantinos (170 km from Athens). Ag. Konstantinos port is accessible from Athens by bus.
